greater and wider vision. It prompted early man to climb the trees and to scale the peaks. Every year it lures thousands to the top of the Empire State Building. It inspired the telescope an microscope, and eventually radar.

Similar to this yearning for vision, yet sacred in its powerful prompting, has been man's spiritual quest. Although there is much natural evidence around us to prove there is a God, we want to understand His mind, His power and will . . . His heart!

No human inventions are needed here. In the Church established by Jesus Christ, in the Truth taught by Jesus Christ, in the Life inspired by Jesus Christ - each of us finds that wider vision his soul craves.
